Education Approval

Series Event

**Minnesota Certification Board
Education Approval – Series Event**

ABOUT THE MINNESOTA CERTIFICATION BOARD:

The Minnesota Certification Board (MCB) is a nonprofit organization that administers certifications for a variety of professions including prevention professionals, alcohol and drug counselors, and peer recovery specialists. MCB is an approved testing center and administers credentialing examinations for numerous professions. MCB is the Minnesota member board of the International Certification and Reciprocity Consortium (IC&RC). IC&RC is the global leader in the credentialing of prevention, substance use treatment, and recovery professionals. Organized in 1981, IC&RC represents over 50,000 professionals and has member boards across the United States and internationally. For more information about IC&RC, visit www.internationalcredentialing.org.

**Minnesota Certification Board
Education Approval – Series Event**

DIRECTIONS

Read the application packet thoroughly. Complete and submit the requested information and items. Applications may be submitted via mail or email.

Submit the following forms and payment for initial approval of the event.

- Form 1: Application Form
- Form 2: Payment Form

The following events should be updated after each individual event that is part of the series and submit them as a packet within two weeks of the completion of the series. Each Series Event approval automatically expires on December 31 of each calendar year.

- Form 3: Series Event Summary Log
- Form 4: Individual Event Summary Form

Application fees for education approval are non-refundable. If paying by check or money order, payment must be mailed and made payable to MCB. Applications will not be processed until payment is received.

Retain a photocopy of the entire application for your records. All materials submitted will become property of the Minnesota Certification Board.

If **submitting your application by mail**, send your completed application forms, all necessary attachments, and the fee to:

Minnesota Certification Board
PO Box 586
Wyoming, MN 55092

If **submitting your application by email**, send your completed application forms and all necessary attachments to: mcb@mcboard.org.

Processing of Application:

If there are questions regarding the information provided, you will be notified by email or phone. MCB may request additional information or ask for clarification on the information provided in this education application when doing so will assist in the review of this offering. After review of this application, MCB will inform the sponsoring organization in writing of its approval or denial.

Education Approval – Series Event**

REQUIREMENTS AND POLICIES FOR EDUCATION APPROVAL – SERIES EVENT

EVENT TYPE – SERIES EVENT

This approval is intended for an event series where all activities occur within the same calendar year. Each Series Event approval automatically expires on December 31 of each calendar year.

Examples include a monthly lunch and learn, a lecture broken into a five-part series on different days, etc. Each event in the series must include a common title prefix (e.g., Minnesota Certification Board Monthly Ethics Lunch and Learn) followed by a more specific follow subtitle (e.g., the name of the topic being covered, Part 2, etc.).

The series will be approved in advance of the first event of the series. The sponsoring organization will maintain records and submit them as part of an end of the year report.

ACCEPTABLE EDUCATION

Education must be appropriate to the credential for which approval has been requested. Education must be in alignment with the domains for the credential (Appendix A), MCB’s Education Policy (Appendix B), and MCB’s Acceptable Continuing Education Policy (Appendix C).

CREDENTIAL TYPE

A separate application must be completed for each credential category (e.g., alcohol and drug counselors, peer recovery specialists, and prevention professionals) for which approval is being requested.

DETERMINING CONTACT HOURS

Clock hours should be calculated by determining the length of the event and deducting any periods where content relevant to the domains for the credential was not covered (e.g., welcome/orientation, breaks, meals, etc.). Contact hours should be calculated to the nearest 15-minute increment.

ISSUANCE OF CERTIFICATE TO PARTICIPANTS

The sponsoring organization must issue a certificate of completion to each participant upon completion of the event. The certificate should include the sponsoring organization’s name, the title of the training/event (as it appears on the education approval application), the name of the individual who completed the training/event, the date of the training/event, the total number of hours completed, and the signature of the trainer or other signer authorized by the sponsoring organization. The certificate may include “Minnesota Certification Board Approved Education for Credential Category.” For instance, an event approved for peer recovery specialists would state “Minnesota Certification Board Approved Education for Peer Recovery Specialists.” This may also be abbreviated to “MCB Approved Education for Peer Recovery Specialists.”

**Minnesota Certification Board
Education Approval – Series Event**

ATTENDANCE VERIFICATION

The sponsoring organization must have methods in place to ensure participants have attended the full amount of time they are granted credit. For instance, participants may sign in at the beginning and end of the event or there may be unique passwords provided at the beginning and end of an event. If a participant does not attend the entire event, the sponsoring organization must ensure that the certificate of completion accurately reflects the amount of time the participant engaged in the training/event.

MAINTENANCE OF ATTENDANCE RECORDS

The sponsoring organization must maintain a record of attendance. The record of attendance must include the title of the training/event (as it appears on the education approval application), the date of the training/event, a list of participant's names, and the number of hours completed by the participant. The sponsoring organization will maintain the record of attendance for three years after the training/event. If the sponsoring organization is unable to retain a copy of attendance records for three years, a copy of the record of attendance may be provided to MCB within 30 days of the conclusion of the event.

TIMELINE FOR APPROVAL

Sponsoring organizations are encouraged to submit the application at least 30 days prior to event. Please allow two weeks for processing. You may advertise that an offering is "pending MCB approval" once you have submitted your application for approval. You may not advertise the event as MCB Approved until approval has been granted.

FEE

The fee for a series approval is \$50. Approval for the same series for each additional credential category is \$10.

**Minnesota Certification Board
Education Approval – Series Event**

Appendix B
EDUCATION POLICY

The Minnesota Certification Board defines education as formal, structured instruction that is aligned with the IC&RC domains for a specific credential. This definition and the subsequent information apply to education requirements necessary for initial certification and continuing education requirements.

- One clock hour of education is equal to (50) minutes of continuous instruction.
- One college/university credit (semester system) is the equivalent of 15 contact hours
- Education must be specifically related to the knowledge and skills necessary to perform the tasks within the IC&RC domains for the specific credential.
- All education must be documented. Applicants are responsible for acquiring and submitting documentation of attendance, the number of contact hours, instructor/provider information, dates, and content descriptions. Transcripts, certificates of completion, written verification from the provider, and other documentation may be accepted.

The Minnesota Certification Board recognizes the following formats for education:

- Synchronous/Live Format: Synchronous/Live events occur in real-time. They may be delivered in person or electronically (e.g., webinar, virtual meeting, etc.). Participants have the ability to interact directly and immediately with the instructor(s) for the duration of the event.
- Asynchronous Format: Asynchronous learning does not occur in real-time. Examples may include on-demand/recorded events (e.g., webinars and conferences), text-based courses, digital courses, home study, etc. Participants generally do not have the ability to interact directly and immediately with the instructor.
- Hybrid Format: Education offered via a hybrid format is any education that combines live education and distance education/home study.

Acceptable sources of education are listed below. Education obtained through a source other than those listed must be submitted to MCB for approval.

- College and University Credit-bearing Courses that are aligned with the IC&RC domains specific to the credential may be accepted by the Minnesota Certification Board. Courses must be offered by a regionally-accredited institution of higher education. Courses must appear on a transcript. Credit is not allowed for any audited college or university courses. A course syllabus may be requested.
- Workshops, seminars, institutes, academies, conferences, and in-services that are aligned with the IC&RC domains specific to the credential may be accepted by the Minnesota Certification Board. Applicants must be able to provide verification of completion including the title of the education event, instructor name and credentials, sponsoring organization, course description and/or learning outcomes, relevance to the domains, date(s) of the event, and clock hours.
- On-demand/Recorded Events (e.g., webinars and conferences), Online Training/Course (non-credit bearing), Text-based Courses, Digital Courses, Home Study, etc. that are aligned with the IC&RC domains specific to the credential may be accepted by the Minnesota Certification Board. Applicants must be able to provide verification of completion including the title of the event or course, instructor/developer name and credentials, sponsoring organization, course description

Minnesota Certification Board
Education Approval – Series Event

and/or learning outcomes, relevance to the domains, date(s) of completion, and clock hours. Evidence of completing a post-test may be requested.

The Minnesota Certification Board maintains processes for providers to preapprove education offerings. Education offerings that have been preapproved will state “Minnesota Certification Board Approved Education Hours” on completion verification documents. Education offerings that have been preapproved shall be guaranteed to meet Minnesota Certification Board education requirements.

The following are not accepted by the Minnesota Certification Board toward initial certification or continuing education requirements:

- Self-guided learning
- Therapeutic education
- Participation in self-help meetings

**Minnesota Certification Board
Education Approval – Series Event**

Appendix C

ACCEPTABLE CONTINUING EDUCATION POLICY

Continuing education must be in alignment with the Minnesota Certification Board’s Education Policy (Appendix B). The Minnesota Certification Board accepts the following types of continuing education:

- College and University Credit-bearing Courses that are aligned with the IC&RC domains specific to the credential.
- Workshops, seminars, institutes, academies, conferences, and in-services that are aligned with the IC&RC domains specific to the credential.
- On-demand/Recorded Events (e.g., webinars and conferences), Online Training/Course (non-credit bearing), Text-based Courses, Digital Courses, Home Study, etc. that are aligned with the IC&RC domains specific to the credential.
- CPR/First Aid are acceptable for up to six (6) hours of continuing education.
- Up to 50% of the education hours for recertification can be met through the following alternatives to formal education:
 - Teaching/Training - Hours spent in teaching and/or training at educational events related to the IC&RC domains specific to the credential can be applied to continuing education hours. The number of contact hours applicable is equal to the number of contact hours for the event. The maximum hours allowed for teaching/training during each two-year recertification period is twelve (12) hours.
 - Publishing - Publishing more than 4,000 words in a journal or book in an area related to the IC&RC domains specific to the credential can be counted as the equivalent of twelve (12) contact hours. The maximum hours allowed for publishing during each two-year recertification period is twelve (12) hours.
 - Conference Presentation - The hours spent presenting at a state or national conference for credentialed professionals can be used as the equivalent number of contact hours for continuing education. The number of contact hours applicable is equal to the length of time of the presentation. The maximum hours allowed for conference presentations during each two-year recertification period is twelve (12) hours.

All continuing education must be documented. Applicants are responsible for acquiring and submitting documentation of attendance, the number of contact hours, instructor/provider information, dates, and content descriptions. Transcripts, certificates of completion, written verification from the provider, and other documentation may be accepted. For additional details, please see the Education Policy.

The Minnesota Certification Board does not accept self-guided learning, therapeutic education, participation in self-help meetings, general staff meetings, supervision, staff rounds, or case management as continuing education.
